

# GUARDIAN MANAGED SERVICES

## THE COMPLETE SOLUTION TO KEEP YOUR MOBILE DEVICE ESTATE SAFE

Our Guardian Managed Services are security focused, end-to-end support packages designed to ensure your mobile device estate is safe.

Managed services go way beyond traditional Help Desk support and remote mobile device diagnostics. By giving you access to our highly trained subject experts and providing complete management of third parties and manufacturers, we become your one-stop shop for support across your device estate. Whilst you focus on managing your business needs, Renovotec will ensure that your mobile devices are running at their optimum levels. There is no per "ticket" or "incident" charge, they are all covered under your chosen comprehensive Guardian service package.
